

Auto Greetings

Exclusive! Innovative! Unique!

New patented electronic device plugs into car's cigarette lighter.

Insert your favorite picture here.

Record your own message

Every time you start your car, the miniature screen illuminates the picture and plays a personalized message. A wonderful way to express your best wishes to loved ones with your smile and your own voice.

A space age microchip technology with crystal clear high-fidelity sound. The ideal gift for all occasions.

Other models available with permanent message. Inquiries welcome for customized messages and pictures.
